Six years ago we started with one truck operating three round trips a week between Dubuque and Chicago. This mode of transportation became popular overnight. Unit after unit was added as business called for daily and overnight service. Today fourteen units are operating—and we take this opportunity of publically expressing our sincere thanks to those who have made our success possible.

Connections with the National Car-loading Co., Acme Fast Freight and other forwarding companies in Chicago, on both in-and-out freight to all parts of the United States were established.

The Chicago-Dubuque Motor Transportation Co. is strictly a Dubuque institution, organized by A. A. Burghmeier and E. Grassel. All of its employees live in Dubuque.

The payroll exceeds \$20,000 a year. All equipment and supplies that can be purchased in Dubuque are bought here; the company is a real asset to Dubuque business.

Free pick-up and door-to-door delivery makes C-D-M-T service unequalled for speed, reliability, convenience, and economy.
